MEMORANDUM FOR: Director of Central Intelligence  
FROM: SA/DCI/IA  
SUBJECT: Meeting with SSCI on Publication of Unclassified Reports, 24 March 1983

1. This package is probably more than you need but it is organized in a way that you can select what you want. It includes the following materials:

- White Binder. This book includes talking points for your use, a formal statement you may wish to submit, copies of the Goldwater-Moynihan letter and the Armed Forces Journal, statistics on unclassified pubs, and a statement on Agency policy limiting the release of pubs.
- Manila Envelope. Each envelope is labeled to show what they include. Collectively they have examples and lists of Agency unclassified publications. You may wish to familiarize yourself with these and perhaps have them at hand for your testimony.
- Codeword Package. This is a copy of Bob Gates' testimony of 10 March before the SSCI. This is referred to in the Goldwater-Moynihan letter of 21 March.

2. Please let me know if there is anything else you need for this meeting.
